Re-opening <ul style="list-style-type: none"> • What went well • Areas of improvement • Wednesday's 	What's going well: Having time the first four days of September for planning, and trying out different ways to Zoom with the kids at home helped a lot for teachers and staff. Many are finding running Zoom on both desktop and lap top is helpful. Need to improve/concerns: Zoom recording can be too much and overwhelming. If a student misses a class is it necessary to have a recorded lesson? It's been more difficult making connections with students. Type up directions/tech tips for teachers on how to set up Zoom on two devices, recording, etc... Can be difficult to manage zoom/classroom management Parents getting on Zoom and watching while their child is on. Is it possible to pre-record lessons so that students only have to check in to Zoom.
Curriculum night <ul style="list-style-type: none"> • 9/23 via Zoom 	Suggestion to set one zoom link for the entire night (post to all courses) Do an overview of your Schoology course for parents.
Attendance <ul style="list-style-type: none"> • Students checking in and not on Zoom 	Students checking themselves in as present versus participation is confusing. It's still the student responsibility if they miss a Zoom to contact their teacher when they complete the work to get participation. Still have students checking themselves in for all classes for the day, and not showing up to all classes.
BPT plan role out <ul style="list-style-type: none"> • Proposed timeline • Meet with Dan/Ty 	
Arrival/Dismissal <ul style="list-style-type: none"> • Pick up 	Drop off in the morning is getting quicker How can we make pick up less chaotic? Possibly have different pick up areas for each grade level?
Library Update <ul style="list-style-type: none"> • Closed until further notice • No tentative date has been established to re-open the library. 	Should hear an update soon.
